Corporate Partners at the Farnsworth

Whether you have been a Corporate Partner for many years or are new to the Farnsworth Art Museum, we have designed a NEW corporate platform to ensure your partner experience at the Farnsworth will be a meaningful one.

The Farnsworth is a major art resource for the state of Maine, nationally, and globally. The Farnsworth delivers creative programming and an exceptional visitor experience, built upon the strengths of the collection, the museum's collaborations with economic, cultural, educational and civic sectors and its engagement with a vibrant artistic community.

Since the Farnsworth opened in 1948, museum visitors have surpassed 3.3 million. The museum currently serves 71,000 individuals in person and 141,000 individuals online annually.

An anchor institution in Rockland and a cultural touchstone for the rest of Maine and beyond, the Farnsworth generates annually an estimated \$58 million economic impact on its community. The museum continues to share its artistic, cultural and intellectual resources, its work and its facilities with the public year-round.

Won't you join us as we "celebrate Maine's role in American art"?
