Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of The William A. Farnsworth Library and Art Museum, Inc. and subsidiary (the "Museum"), which comprise the consolidated statement of financial position as of September 30, 2018, and the related consolidated statement of activities, functional expenses, and cash flow for the year then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We did not audit the 2018 and 2017 financial statements of Farnsworth Real Estate, Inc., a controlled entity, which statements reflect assets of \$10,934,482 and \$11,121,925 as of September 30, 2018 and 2017, respectively, and total revenues of \$569,563 and \$542,986 for September 30, 2018 and 2017, respectively. Those statements were audited by other auditors, whose report has been furnished to us and, in our opinion, insofar as it relates to the amounts included for Farnsworth Real Estate, Inc. as of September 30, 2018 and 2017, and for the years then ended, is based solely on the report of other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Board of Trustees
The William A. Farnsworth Library and Art Museum, Inc.

Opinion

In our opinion, based on our audit and the report of other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Museum as of September 30, 2018 and the results of its operations and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Prior Period Financial Statements

The consolidated financial statements of The William A. Farnsworth Library and Art Museum, Inc. and subsidiary as of September 30, 2017, were audited by Macpage LLC, who merged with Wipfli LLP as of August 1, 2018, and whose report, dated February 15, 2018, expressed an unmodified opinion on those statements.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The consolidating information shown on pages 24 and 25, which is the responsibility of management, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements and accordingly, we do not express an opinion or provide any other assurance on it.

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

The William A. Farnsworth Library and Art Museum, Inc. (the Museum) is an independent not-for-profit organization dedicated to the collection, preservation, exhibition, research and interpretation of American art, with an emphasis on the art of the State of Maine and New England. Providing context for its art collection, an important focus of the Museum is the preservation and interpretation of two historic homes, the Farnsworth Homestead and the Olson House. The Museum is located in Rockland, Maine.

Farnsworth Real Estate, Inc. (the "Corporation") was formed as a public benefit corporation on February 9, 2015, under the laws of the State of Maine. The Corporation was organized to operate exclusively for charitable, religious, educational and scientific purposes by conducting and supporting activities which promote the advancement and further the aims of the Museum. The Corporation shall carry out its purposes by operating as a supporting organization as described in Section 509(a)(3) of the Internal Revenue Code.

Principles of Consolidation

The consolidated financial statements include the accounts of the Museum and another entity that have been consolidated due to common control. All material inter-company accounts and transactions have been eliminated in the consolidation.

Basis of Presentation

The consolidated financial statements of the Museum have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles. As a result, revenues and gains are reported when earned and expenses and losses are recorded when incurred. Net assets, support, revenues, and gains and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported, as follows:

Unrestricted Net Assets – Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets – Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Museum and/or the passage of time.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be maintained permanently by the Museum. Generally, the donors of the assets permit the Museum to use all or part of the income earned on related investments for general or specific purposes.

Use of Estimates

The presentation of consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include demand deposits, money market funds and petty cash. For purposes of the statement of cash flows, management considers all highly liquid debt instruments purchased with an initial maturity of three months or less to be cash equivalents.

September 30, 2018 and 2017

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Accounts Receivable

The Museum considers receivables to be uncollectible after all efforts for collection have been exhausted. Amounts deemed uncollectible are reserved through a charge to bad debt expense and a credit to allowance for doubtful accounts. At September 30, 2018 and 2017, all amounts were considered fully collectible and no allowance was deemed necessary.

Pledges Receivable

The Museum records unconditional promises to give as revenue and pledges receivable in the period received. Promises to give are reported net of an allowance for uncollectible amounts and discounted to the net present value of the future cash flows. Conditional promises to give are recognized when the conditions on which they depend are substantially met.

Inventory

Inventory is valued at the lower of cost (first-in, first-out basis) or market (net realizable value). Inventory consists of products for resale. Contributed inventory is recorded at fair market value on the date the inventory was received.

Investments

Investments are stated at fair value. Realized and unrealized gains and losses are allocated to unrestricted, temporarily and permanently restricted net assets based on donor stipulations and in accordance with the Maine Uniform Prudent Management of Institutional Funds Act. Donated securities are recorded at fair value on the date received from the donor.

Endowment Funds

Investment and Endowment Spending Policy

The investment objective for the Museum's endowment funds is to provide average total earnings of 5%, plus the CPI for inflation. Funds will be invested to yield the rate on a "total return" basis (income, capital gains, and unrealized appreciation), commensurate with moderate risk of the total portfolio.

The Museum has implemented an endowment spending policy to appropriate investment income equal to 5% of the invested funds for current operations, based on the investments' average fair value for the preceding 16 quarters.

Relevant Law

The Board of Trustees of the Museum has interpreted the Maine Uniform Prudent Management of Institutional Funds Act (UPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result, the Museum classifies as permanently restricted net assets the original value of gifts donated and accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Museum's Board of Trustees in a manner consistent with the standard of prudence prescribed in UPMIFA. UPMIFA does not include board designated funds in its definition of endowment funds.

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Property and Equipment

Purchased property and equipment is recorded at cost. Donations of property and equipment are recorded at fair value on the date of the gift. Such donations are reported as unrestricted support, unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted support.

Absent donor stipulations regarding how long those donated assets must be maintained, the Museum reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Museum reclassifies temporarily restricted net assets to unrestricted net assets at that time. The Museum capitalizes additions of property and equipment with a cost, or fair value if donated, in excess of \$2,000. Ordinary repairs and maintenance costs are expensed as incurred. Property and equipment are depreciated using the straight-line method over their estimated useful lives which range from 3 to 40 years.

Impairment of long-lived assets

In accordance with accounting guidance, the Museum applies accounting for impairment or disposal of long-lived assets. The Museum reviews its real property for impairment whenever events or changes in circumstances indicate that the carrying value of an asset may not be recoverable. No impairment loss was recognized during the years ended 2018 and 2017.

Collection

The collection of the Museum consists of approximately 15,000 objects, including paintings, watercolors, sculpture, prints, drawings, photographs, and historical artifacts (primarily related to the Homestead and Olson House). Consistent with the Museum's mission statement, the collection emphasizes works by American artists, especially artists who have worked in Maine. As a whole, the collection presents a survey of Maine's role in the history of American art from the late 18th century to the present. The Museum continues to actively collect American art through purchase and gifts. All works in the permanent collection are assigned a unique "accession" number and placed in secure storage when not on exhibit at the Museum or on loan to other museums. The Museum only lends to galleries and museums that meet prescribed security and climate standards and provide all risk insurance coverage. Records, including object, artist and donor files, are maintained for each work of art. The collection is inventoried and surveyed by staff and qualified conservators on an annual basis. The Museum maintains a blanket insurance policy of \$60 million for the collection and work on loan. Although a private, independent institution, the collection is maintained, added to, exhibited and interpreted for the education and enjoyment of the general public.

The Museum's policy is not to capitalize the collection; therefore, the value of the library and art collection held by the Museum is not included in the accompanying consolidated financial statements. Purchases of collection items are made from proceeds of deaccessions and gifts of cash and income from certain trusts restricted by donors for art acquisitions. Purchased additions to the collection totaled \$26,000 and \$1,600 during the years ended 2018 and 2017, respectively, and proceeds from sales of deaccessioned items totaled \$0 and \$2,599 during the years ended 2018 and 2017, respectively.

Notes to Consolidated Financial Statements

September 30, 2018 and 2017

NOTE 1 – NATURE OF ACTIVITIES AND SIGNIFICANT ACCOUNTING POLICIES – CONTINUED

Restricted and Unrestricted Revenue and Support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. All donor-restricted support is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends, or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Donated Services

The Museum is the beneficiary of the efforts of volunteers, the value of whose donated time and services is not included in these consolidated financial statements as they do not meet the criteria for recording under generally accepted accounting principles. However, a substantial number of nonprofessional volunteers have donated significant amounts of their time in support of the Museum's programs. The Museum estimated the hours of nonprofessional services to be approximately 3,900 hours and 3,500 hours for the years ended 2018 and 2017, respectively.

The Museum also receives donated professional services, which would typically need to be purchased if not provided by donation. The estimated fair value of the services is recognized in the consolidated statement of activities. Total gift revenue recognized for donated professional services was \$10,600 and \$123,859 for the year ended 2018 and 2017, respectively.

Non-Operating Activities

Non-operating activities consist of contributions for non-operating purposes, such as capital projects, life income funds, trusts and remainder interests, endowment, endowment income, accession and deaccessions.

Allocation of Expenses

The costs of providing program services and supporting services have been summarized on a functional basis in the consolidated statement of activities. Accordingly, certain costs have been allocated among the programs and supporting activities benefited.

Advertising

Advertising costs are expensed as incurred. Advertising expense for the years ended 2018 and 2017 were \$68,075 and \$181,957, respectively.

Income Taxes

The Museum and the Corporation are exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. Management has evaluated the tax positions and concluded that there are no uncertain tax positions that required adjustment to the consolidated financial statements. The tax returns are subject to U.S. federal and state examinations by tax authorities for three years following the filing of the return.

Reclassifications

Certain amounts in the 2017 financial statement have been reclassified to conform to the 2018 presentation. There was no effect on the 2017 change in net assets as a result of such reclassifications.

NOTE 2 – CONCENTRATIONS OF CREDIT RISK ARISING FROM CASH DEPOSITS

The Museum maintains its cash and restricted cash in multiple financial institutions. At times, these balances may exceed the federal insurance limits; however, the Museum has not experienced any losses with respect to its bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to these balances.

NOTE 3 - RESTRICTED CASH

Fee and Expense Reserve – The reserve is pursuant to the New Market Tax Credit financing for payment of future loan expenses. As of September 30, 2018 and 2017, the balance was \$214,852 and \$263,647, respectively.

Program Reserve – The reserve is established from loan proceeds to be used for community program costs. As of September 30, 2018 and 2017, the balance was \$105,761 and \$153,948, respectively.

NOTE 4 – PLEDGES RECEIVABLE

Commitments to Invest

Certain alternative investments have commitments to invest additional amounts in private equity funds of \$131,000 which, if requested, are expected to be satisfied through December 31, 2019. The limitations and restrictions on the Museum's ability to redeem or sell the private equity funds vary by investment.

Notes to Consolidated Financial Statements

September 30, 2018 and 2017

NOTE 5 – ASSETS WHOSE USE IS LIMITED – CONTINUED

Split Interest Agreements

Pooled Income Fund – A fund was established for the management and investment of cash and property transferred by donors to the Museum. The fund provides for the payment of distributions to the donor (grantor) over each designated beneficiary's lifetime. At the end of each beneficiary's lifetime, the remaining assets are transferred to the operating assets of the Museum. The net present value of these assets to be received was calculated using actuarial tables at the date the gift was received assuming a rate of return of 6%. The difference between the fair value of the assets received and the calculated net present value of the assets to be received is reflected as deferred revenue in the statement of financial position. Deferred revenue is amortized using the straight-line method over an actuarially determined life.

Charitable Gift Annuity – The Museum entered into an irrevocable agreement with a donor whereby in exchange for the gift from the donor, the Museum is obligated to provide an annual annuity to the donor equal to 9.2% of the fair value of the gift at the date of the agreement for the life time of the annuitant.

Beneficial Interest in Perpetual Trusts – The Museum is the beneficiary of several trusts created by donors, the assets of which are not in the possession of the Museum. The Museum has legally enforceable rights or claims to such assets, including the right to related income. The Museum's interest in these trusts is included in the consolidated financial statements at the fair value of the underlying investments. As a result of court rulings effective January 2000, the Trustee is permitted to appropriate for distribution to the Museum the net realized, and unrealized appreciation of all trusts as determined to be prudent by the Trustee.

The Museum received a distribution of \$338,676 and \$323,588 for the years ended 2018 and 2017, respectively, related to the Museum's beneficial interest in perpetual trusts.

Charitable Lead Annuity Trust – The Museum is also the beneficiary of a charitable lead annuity trust created by a donor in 2006, the assets of which are not in the possession of the Museum. The Museum has the right to receive annual installments of \$68,920 over 16 years. The present value of the annuity payments, using a 5% discount rate, was \$297,391 and \$348,821 at September 30, 2018 and 2017, respectively.

NOTE 6 – ENDOWMENT FUNDS

The endowment consists of donor-restricted funds and funds designated by the Board of Trustees to function as endowments. As required by generally accepted accounting principles, net assets associated with endowments funds, including funds designated by the Board of Trustees, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Trustees appropriated \$509,108 and \$640,419 from endowment funds for the years ended 2018 and 2017, respectively.

Funds with Deficiencies

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the historic dollar value of permanently restricted contributions. Deficiencies of this nature are reported in unrestricted net assets and amounted to \$186,031 and \$248,746 as of September 30, 2018 and 2017, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after the investment of new permanently restricted contributions and continued appropriation that was deemed prudent by the Board of Trustees.

NOTE 9 – LINE OF CREDIT

The Museum has an \$850,000 revolving line of credit with a local bank. Terms of the line of credit agreement provide for advances with interest at the Wall Street Journal's prime rate. The interest rate, as of September 30, 2018 and 2017, was 5.25% and 4.25%, respectively. The agreement is subject to renewal in September 2019. Advances on the line of credit are secured by all business assets. There was \$360,025 and \$778,167 outstanding advances under this line of credit as of September 30, 2018 and 2017, respectively.

NOTE 10 –LONG TERM DEBT

Long-term debt consisted of the following:

First mortgage

The Museum had a mortgage with The First N.A. (the "Lender") in the original amount of \$2,000,000. In conjunction with the transfer of property under common control, the Corporation assumed this obligation for the outstanding principal balance of \$1,310,405. The loan bears interest at 3.875% through February 15, 2019 and prime less .25% (not to exceed 7.625%) thereafter. The loan matures in December 15, 2032. The outstanding principal balance was \$1,109,611 and \$1,167,057 as of September 30, 2018 and 2017, respectively.

Total	<u>\$ 53,196</u>

NOTE 13 – PENSION BENEFIT PLAN

The Museum maintains a 403(b) plan that covers substantially all employees who work at least 1,000 hours annually. Contributions to the plan are discretionary. There were no contributions to the plan for the years ended 2018 and 2017.

NOTE 14 – FAIR VALUE MEASUREMENTS

Assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 – Quoted prices are available in active markets for identical assets and liabilities that an entity has the ability to access at a measurement date.

Level 2 – Pricing inputs other than exchange quoted prices in active markets that are observable for the specific asset or liability, either directly or indirectly, and fair value is determined through the use of models or other valuation methodologies.

Level 3 – Pricing inputs that are unobservable inputs for the asset or liability in which little or no market activity is available for the asset or liability at the measurement date. The inputs into the determination of fair value require significant management judgment or estimation.

Notes to Consolidated Financial Statements

September 30, 2018 and 2017

NOTE 14 – FAIR VALUE MEASUREMENTS – CONTINUED

For the years ended 2018 and 2017, the application of valuation techniques applied to similar assets and liabilities has been consistent. The following is a description of the valuation methodologies used for instruments measured at fair value:

Mutual Funds

The fair value of mutual funds is based on quoted market prices which represent the net asset value of shares held by the Museum at year-end.

Equities

The fair value of equity securities is the market value based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Bonds

Government, corporate, and international bonds are valued at fair value based on quoted market prices, when available, or market prices provided by recognized broker dealers.

Private Equity Funds

The fair value of the private equity funds is estimated using the reported net asset value of the Museum's ownership interest.

Beneficial Interest in Perpetual Trusts

The fair value of the beneficial interest in perpetual trusts is valued using an income approach and is based on the fair value of the underlying assets in the trust, which approximates the future estimated cash flows from the trusts.

Beneficial Interest in Charitable Lead Annuity Trust

The fair value of the beneficial interest in the charitable lead annuity trust is valued using an income approach and is based on the present value of future cash flows discounted at 5%.

The Museum reviews and evaluates the valuations provided by investment managers and believes that these valuations are a reasonable estimate of fair value. At each reporting period, if applicable, all assets and liabilities for which the fair value measurement is based on significant unobservable inputs are classified as Level 3.

Notes to Consolidated Financial Statements

September 30, 2018 and 2017

NOTE 14 – FAIR VALUE MEASUREMENTS – CONTINUED

The summary of changes in fair value associated with the Museum's Level 3 assets for the years ended 2018 and 2017 is, as follows:

	Beneficial Interest in Perpetual Trusts
September 30, 2016	\$ 6,436,055
Change in value of split interest agreement	<u>397,675</u>
September 30, 2017	6,833,730
Change in value of split interest agreement	<u>188,487</u>
September 30, 2018	<u><u>\$ 7,022,217</u></u>

Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in value in the near term would materially affect the amounts reported in the consolidated statements of financial position and activities.

NOTE 15 – ASSET RETIREMENT OBLIGATION

Certain Museum buildings contain asbestos that upon major renovation or demolition would be required to be properly disposed of. The Museum has no expectations of plans for renovations or demolition that would trigger this obligation; therefore, its fair value cannot be reasonably estimated and no liability has been recognized as of September 30, 2018.

NOTE 16 – CONTINGENCY

The NMTC financing received by the Museum requires the Museum to comply with applicable sections of Section 45D of the Internal Revenue Code and applicable sections of 36 Me. Rev. Stat. Ann. Subsection 5219-HH. Failure to maintain compliance with those statutes may result in the recapture of tax credits claimed by U.S. Bancorp Community Development Corporation. The Museum has entered into indemnification agreements pursuant to which the Museum is obligated to indemnify U.S. Bancorp Community Development Corporation for any tax credits recaptured due to the acts or omissions of the Museum.

NOTE 17 – EVALUATION OF SUBSEQUENT EVENTS

The Museum has evaluated subsequent events through March 5, 2019, which is the date of the opinion on these consolidated financial statements, which represents the date on which the consolidated financial statements were available to be issued.
